

General Information	
Name	DIMITRIOS MARGARITIS
Rank/Title	ASSOCIATE PROFESSOR
Topic/Specialty	HAEMATOLOGY
Department	Department of Haematology
Office	University Hospital of Alexandroupolis, office 58.30
Phone	+30 25510 76154, 25510-30374
Fax	+30 25510 76154
Email	dmargari@med.duth.gr
Research Interests	General Haematology, Autologous Bone Marrow Transplantation, Hemoglobinopathies
Teaching	“Haematology”, 10 th Semester “Physiology and Pathophysiology of Haemostasis”, 9 th Semester
Link to personal webpage	
Detailed Biographical Information	
Education	1997 – Doctoral Thesis, Democritus University of Thrace 1995 – Speciality on Haematology, Democritus University of Thrace 1985 – Degree of Medicine, Medical School, University of Verona - Italy
Scientific Experience	2011 – Director of the Haematology Department, Medical School, Democritus University of Thrace 2010 – Associate Professor of Haematology, Medical School, Democritus University of Thrace 2004 – Assistant Professor of Hematology, Medical School, Democritus University of Thrace 2000 – Lecturer of Hematology, Medical School, Democritus University of Thrace 1996-2000 – Consultant, General Hospital of Alexandroupolis 1997 – Doctoral Thesis “Study of chimeric gene BCR/ABL in the Chronic Myelogenous Leukemia” Clinical Training on Bone Marrow Transplantation. 11/1997-5/1998: Bone Marrow Transplantation Unit San Martino Hospital, Genova-Italy. Membership in Scientific Associations Greek Hematological Association (EAE)

	<p>European Hematology Association (EHA)</p> <p>European Bone Marrow Transplantation (EBMT)</p>
Research Work	
Selected Publications	44 publications in Pub Med:
Clinical Work	My clinical activity includes follow-up of patients in the Hematology Department daily and in the out patients clinics weekly. I am responsible for the Bone Marrow Transplantation Unit (autologus) and also for the Thalassemia Unit.
R&D Projects	<ol style="list-style-type: none"> 1. An observational phase IV non interventional study evaluating further the safety of Rituximab in combination with various chemotherapies for the treatment of patients with CD20- positive B-cell chronic lymphocytic leukaemia in Greece. 2. «A comparative, randomized, parallel-group, multicenter, phase IIIb study to investigate efficacy of subcutaneous (SC) rituximab versus intravenous (IV) rituximab both in combination with CHOP (R-CHOP) in previously untreated patients with CD20 positive diffuse large B-cell lymphoma (DLBCL)» 3. «Diagnosis and follow-up of patients with haematological disorders.» 4. "Immune role of epigenetic therapy in Myelodysplastic syndromes."
Miscellaneous	<p>Training of doctors of other specialities on various hematological issues</p> <p>Laboratory of coagulation disorders (haemophilia, thrombophilia)</p> <p>1996-1997, 1999-2000: Head of the Blood Bank Unit, General Hospital of Alexandroupolis</p>
