15. Organizational / Administrative Work

In 2014, together with three early-career virologists, I initiated the restructuring and reactivation of the Hellenic Society of Virology after ~3 years of dormancy. By inviting 40 researchers and professors in Virology to the first General Assembly, we relaunched the Society on a new footing. At that Assembly, I was elected to the Board of Directors and served as General Secretary. In this role I participated in the Organizing and Scientific Committees of three Hellenic Virology Congresses (10th, 11th, 12th) and a range of themed workshops. In 2018 I served on the Local Organizing Committee of the 21st Annual Meeting of the European Society for Clinical Virology in Athens.
