

İstanbul, Şubat 2026

Dear Democritus University of Thrace Dean,

On behalf of the Canan Bayraktar Public Health Foundation, we are pleased to invite medical students from your esteemed university to participate in the 2nd Cansaglığı International Medical Student Conference, to be held in Istanbul on April 11–12, 2026.

A place has been reserved for one student from your university who demonstrates both academic excellence and a strong interest in scientific research. For the selected student, all travel and accommodation expenses will be fully covered by our Foundation. In addition, participation in the conference is free of charge for all students.

We kindly request that you nominate three suitable candidates who meet the eligibility criteria outlined below. Following the evaluation process, one candidate will be selected. Should none of the nominees meet the required standards, the Foundation reserves the right not to select a participant.

This year's conference, themed "**The Brain,**" will take place at the Haliç University Conference Hall in Istanbul. The program aims to provide a platform for scientific exchange, research presentation, and international collaboration among medical students.

The eligibility criteria for participation are listed below. Should you require any further information or clarification, please do not hesitate to contact us. Additional details about our Foundation are provided below.

We sincerely appreciate your support and look forward to welcoming students from your distinguished institution.

Eligibility Criteria

1. Must not have received any disciplinary sanctions.
2. Must have actively participated in at least one student club or extracurricular activity.
3. A strong academic record (GPA) will be considered an advantage.
4. Scholarship applicants are required to submit an original research abstract for oral or poster presentation at the conference.

Kind regards,

Prof. Dr. Mücahit Öztürk
Chairman of the Board of Directors
Canan Bayraktar Public Health Foundation

About the Canan Bayraktar Public Health Foundation

The Canan Bayraktar Public Health Foundation is dedicated to supporting the education and professional development of future medical professionals. Through scholarships, mentorship opportunities, and scientific events, we promote academic excellence while fostering ethical and socially responsible physicians. Our work also includes research on rare diseases, the development of innovative diagnostic and treatment methods, and contributions to medical device and pharmaceutical production, particularly in oncology. Through these efforts, we aim to build a strong scientific ecosystem in healthcare and support the advancement of the next generation of medical leaders.
